

## OFFERS TO SHIP SOVIETS TO RUSSIA

DEMOCRATIC  
LEADERS TO  
HOLD CONFAB

Wilson and Sen. Hitchcock to  
Determine Future Res-  
ervation Policy.

## DEFINITE ACTION THIS WEEK

With Cloture Rule, Senate  
Plans to Dispose of Remain-  
ing Treaty Proposals.

By Associated Press:  
WASHINGTON, Nov. 16.—A con-  
ference tomorrow between Pres-  
ident Wilson and Sen. Hitchcock, ad-  
ministration leader in the senate con-  
test over the peace treaty, was ex-  
pected tonight to determine largely  
the fate of the treaty and plans for  
adjournment of the special session  
of congress.

Sen. Hitchcock will see the presi-  
dent before the senate reconvenes  
to take up the final reservations to  
the treaty and expects to obtain  
from him a final word on the form  
of reservations he will accept. The  
conference was arranged at Sen.  
Hitchcock's request after seeing a  
number of democratic leaders.

Definite outcome of the treaty  
controversy this week—either by a  
deadlock or reserved ratification—  
and adjournment of the special ses-  
sion of congress tonight seemed as-  
sured. With the cloture rule in ef-  
fect, the senate tomorrow will take  
up the two remaining committee  
reservations and after disposal of  
them of individual reservations  
reach the last stage of ratification  
resolutions.

With final action on the treaty,  
adjournment sine die of the session,  
which began May 19, is planned be-  
fore the new and long session begin-  
ning two weeks from tomorrow. All  
members are hoping for a few days  
rest and travel allowance.

**House Through Work.**  
What the house will do while the  
senate is in the last stage of the  
treaty fight had not been deter-  
mined Sunday.

The railroad bill will be taken up  
again tomorrow and probably passed  
by tomorrow night or Tuesday.  
Not much will be done after that.  
If forced to wait for the senate's  
action on the treaty, house leaders  
hope members may leave under a  
"gentlemen's recess agreement."

**Will Survey Situation.**  
At today's treaty conference at the  
white house, Sen. Hitchcock will  
be able to give the president the last  
survey of the situation. Except for  
a few additional reservations whose  
adoption is expected the majority's  
final resolution of ratification virtu-  
ally is in form.

Sen. Hitchcock said Sunday night  
that he would submit the majority  
reservations as adopted, and those  
still before the senate, together with  
the minority substitutes, to Pres-  
ident Wilson, "for his final judgment."

Leaders of both parties predicted  
that the president would not accept  
the reservation program adopted by  
the senate. The majority managers  
said they were proceeding with plans  
to over-ride Vice Pres. Marshall's  
proposed ruling that the treaty could  
not live or die by a vote on the res-  
olution containing reservations ad-  
opted by the majority. The program  
of the majority contemplates that

Gotham People  
Declare Milk  
Boycott Today

By Associated Press:  
NEW YORK, Nov. 16.—More than  
500,000 consumers in Greater New  
York today are expected to go on a  
milk strike as a demonstration of the  
ability of the middle class consumer  
to organize.

No reduction in price is expected  
to result from the boycott, which is  
to be directed by the city parliament  
of the community councils of na-  
tional defense. Only children under  
seven years of age, and invalids are  
exempted from the "strike order"  
which provides that the boycott shall  
last three days a week.

"Our main object of course, is to  
organize the consumers and prepare  
them to take collective action to pro-  
tect their own interests," Dr. Albert  
Shields, a director of the boycott  
and last night. "The great middle  
class up to the present, has been  
oppressed with paying the bills and  
laboring in silence while capital and  
labor waged war with one another."  
The tide has now turned and the  
middleman's hat is in the ring."

Capture Woman  
Bootlegger in  
Michigan City

Special to The News-Times.

MICHIGAN CITY, Ind., Nov. 16.

—Michigan City bootleggers have  
contributed one more idea on smug-  
gling liquor. According to the in-  
formation secured by the police of-  
ficials of this city Mrs. Steven Paw-  
ski was sent to Chicago at various  
times to bring back liquor. This  
she succeeded in doing by filling hot  
water bags with liquor and fasten-  
ing the bags next to her body under  
her skirts. The woman confessed  
that by employing this method she  
had succeeded in bringing more than  
twenty-five gallons of liquor into  
Michigan City where it was sold at a  
fancy price.

ELECTRICIANS  
RETURN TODAY

Compromise Reached at Meet-  
ing of Brotherhood Sun-  
day Morning.

The 32 electrical workers, mem-  
bers of South Bend local No. 153,  
International Brotherhood of Elec-  
trical Workers, who walked out one  
week ago following a failure to  
agree with local contractors on the  
working conditions, will return to  
their jobs Monday morning. This  
announcement was made Sunday  
night by B. J. Brehmer, recording  
secretary of the union.

Mr. Brehmer stated that com-  
promise had been reached at a  
meeting of the workers' Sunday  
morning by which the working con-  
ditions will be improved.

According to the new conditions  
which will be effective until April  
1, 1920, the contractors agree to a  
closed shop. The workers will re-  
ceive \$7.12 cents an hour, time and  
a half for overtime and double time  
for work on legal holidays.

**Agree to Demands.**  
The eight-hour day was agreed to  
and also the demands of the work-  
ers that one apprentice to three  
journeymen be the average.

This agreement affects the ma-  
jority of the local contractors, al-  
though Mr. Brehmer stated that a  
few minor contractors had not yet  
accepted the terms of the contract.

The compromise was agreed to at  
a meeting of the contractors with  
officials of the local held Friday  
night and was sanctioned by the  
workers Sunday.

W. I. Robbins was elected busi-  
ness agent of the local Sunday. He  
will act as agent of the workers in  
their relations with the contractors.

OUTLINES ENGLAND'S  
PLAN TO GIVE RAIL  
MEN REPRESENTATION

By Associated Press:  
LONDON, Nov. 16.—James Henry  
Thomas, general secretary of the  
National Union of Railroad Men, in  
a speech at Bristol Sunday outlined  
the plan of the government to give  
the men representation on a joint  
board of management and expressed  
the hope that the arrangement  
would be accepted.

The government proposes, Mr.  
Thomas said, that the railroads be  
managed by a joint committee of  
executives, on which the workers  
would have three representatives  
with powers equal to those of the  
general managers.

The plan also would create a  
joint board composed of five general  
managers of railroads and five dele-  
gates of the locomotive men and the  
National Union of Railroad Men to  
negotiate all matters concerning  
conditions of service. Any dispute  
arising would be referred to another  
body of twelve, comprising four  
representatives of the railroads, four  
appointed by the men and four de-  
legated to look after the interests of  
the general public. Of the repre-  
sentatives of the public, one would  
be a trade unionist not connected  
with the railroads and another  
would represent the coopera-  
tive movement.

**D'ANNUNZIO GREETED  
ON RETURN TO FIUME**

WASHINGTON, Nov. 16.—Advises  
to the state department Sunday said  
that d'Annunzio, after declaring his  
occupation of Zara on the Dalmatian  
coast, has returned to Fiume.

According to the department's in-  
formation d'Annunzio reached Fiume  
yesterday afternoon and was  
accorded a great demonstration by  
the populace. He is said to have  
declared his purpose to occupy  
other territory including part of  
Istria, which he claimed should  
form an independent state to relieve  
Italy of responsibility to the allies.

After taking possession of Zara,  
d'Annunzio left there an officer on  
his staff, with shock troops and  
Czechmen.

COAL FACTIONS  
RENEW CONFAB  
AT WASHINGTON

No More Threats of Strike—  
Both Sides Hope for  
Settlement.

## PROTEST FAILURE TO RETURN

By Associated Press:  
WASHINGTON, Nov. 16.—Negotia-  
tion of a new wage scale in the  
soft coal industry stood in much the  
same situation Sunday night as  
when miners and operators met at  
Buffalo in September to frame a con-  
tract to replace the Washington  
wage agreement.

This time, however, there was no  
threat of a strike, and both sides  
were ready to resume their confer-  
ence today in the hope of reaching a  
quick settlement.

Some of the operators protested  
that union miners had failed to re-  
turn to work, as ordered by Federal  
Judge Anderson at Indianapolis, and  
in the face of withdrawal of the  
strike order by officers of the United  
Mine Workers of America. It was  
intimated that this would be brought  
up at the joint conference.

Sen. Sec'y Wilson.

John L. Lewis, acting president  
of the miners' organization, still  
holding the miners demand high,  
took issue Sunday with the state-  
ment of Sec'y Wilson that a wage in-  
crease of sixty percent would make  
them a favored class of workers.

The demands submitted to the  
operators Saturday reaffirmed the  
six hour day, but omitted reference  
to "from bank to bank" Lewis ex-  
plained. The miners now are ask-  
ing a maximum of six hours, work-  
ing time in the mines. The time re-  
quired to go down into the mines  
and return to the surface would add  
an average about half an hour to the  
day, Lewis said.

There were no indications Sunday  
that operators outside the central  
competitive field intended to accept  
any agreement which might be  
reached in that territory in advance  
of the agreement itself.

Mr. Lewis declared that miners'  
representatives from outlying dis-  
tricts would remain here until a set-  
tlement in the coal industry was  
reached.

"I think the operators will nego-  
tiate with them if they expect to  
operate their properties," he said.

SAYS MEXICO IS NOT  
CONNECTED WITH RED  
MOVEMENT IN AMERICA

By Associated Press:

NEW YORK, Nov. 16.—Denial  
that Mexico is connected in any way  
with radical groups in this country,  
was made Sunday night in a state-  
ment issued by Ramon P. De Negri,  
consul general of Mexico, in this  
city. Attention of the state depart-  
ment recently was called to a let-  
ter from Consul de Negri to Flavio  
Borquez, a Mexican senator, en-  
dorsing the principle of "nationalism."

"I am surprised," the statement  
said in part, "that my letter has  
been abused, tending to present me  
and the authorities of the republic  
in a false light, and which may be  
availed by the enemies of my coun-  
try and the various agitators and  
interests now engaged in a conspir-  
acy against Mexico, to show us in  
league or collusion with the radical  
movement hostile to the constituted  
authorities and basic principles  
upon which the government and the  
political structure of this country  
are founded. Nothing can be fur-  
ther from the truth and our aims."

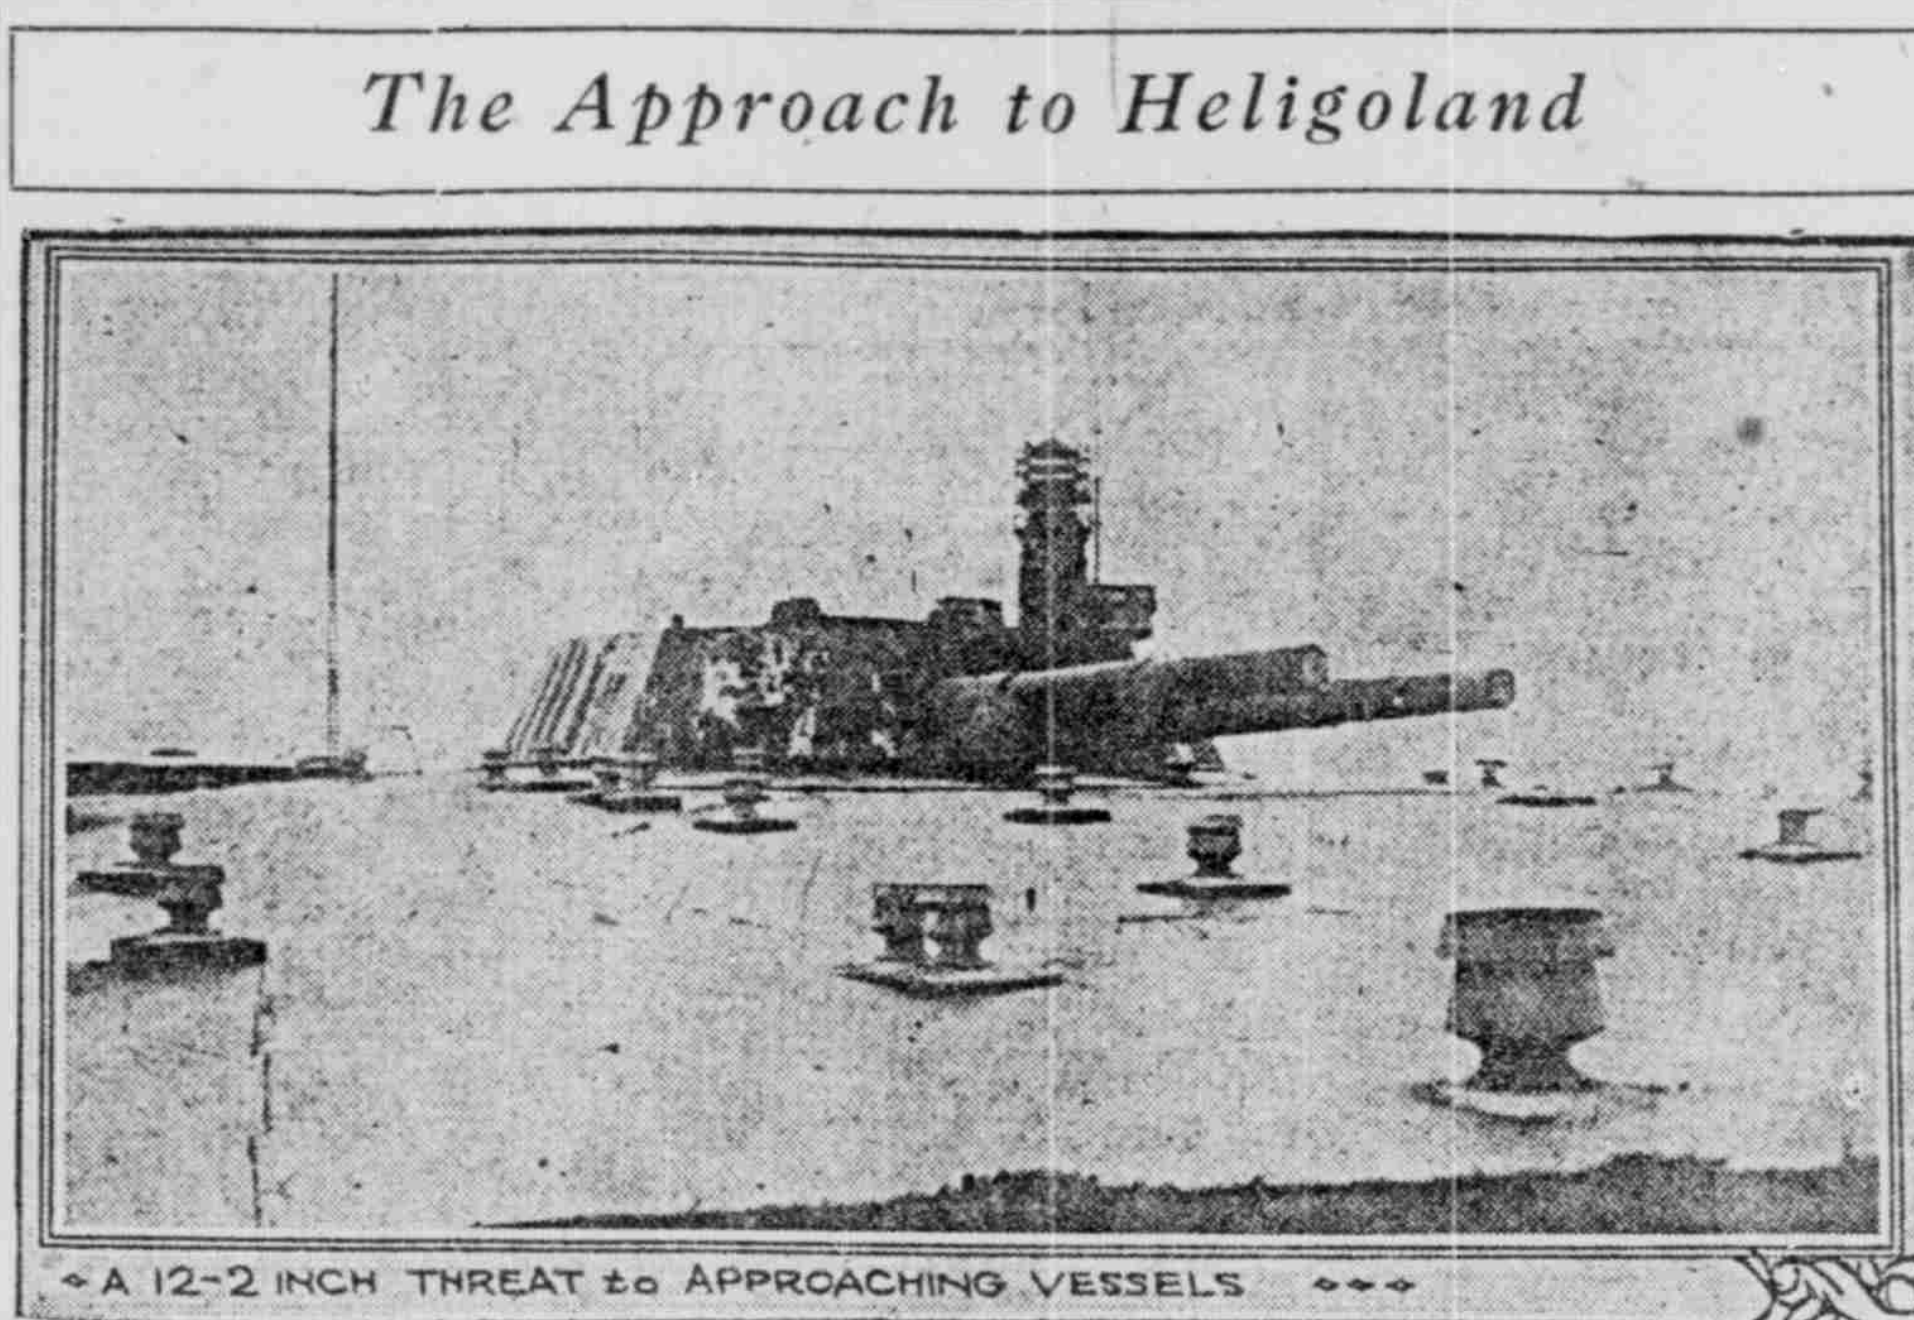

## YUVENTIC RETREATS

By Associated Press:  
HELSINGFORS, Nov. 16.—Gen.  
Yudentich, commander of the Rus-  
sian northwestern army, is retreat-  
ing hurriedly from Yamburg in the  
direction of Narva, on the gulf of  
Finland, according to latest advices.  
Some of his troops have already en-  
tered the Estonian lines.

Dies Answering  
Call to Fire

By Associated Press:  
INDIANAPOLIS, Ind., Nov. 16.—  
August H. Schager, 61 years old,  
captain of station 28 of the fire de-  
partment, was killed, and three  
other firemen were injured, when a  
fire truck on which the men were  
riding in answering a fire alarm,  
struck a street car here Sunday.

The truck struck the street car  
with such force that the car was  
derailed, but none of the passen-  
gers was injured. Edgar D. San-  
ford, 14 years, the motorman on the  
car, was arrested, charged with in-  
voluntary manslaughter. Witnesses  
said he failed to apply the brakes  
of the car when he saw the fire  
truck approaching.

The Approach to Heligoland  
The above photograph, the first received from Heligoland, the former bulwark of Germany in the North Sea, shows the work of demolition now in progress. As far as known no photographs were ever taken of the German fortification until now. The demolishing of the forts, military establishments and harbors of Heligoland and Dünne is one of the provisions of the peace treaty and is being done by German labor under the supervision of the Allies.

ARREST CONSUL  
FOR CONSPIRACY

Officials Say William Jenkins  
Connived With Cordova,  
Bandit Leader.

By Associated Press:

MEXICO CITY, Nov. 16.—William  
O. Jenkins, United States consular  
agent at Puebla, was placed under  
arrest Saturday and held under sur-  
veillance in his home following  
charges by officials of Puebla that  
Jenkins was not abducted by Fed-  
erico Cordova, the bandit leader, but  
was in connivance with him, ac-  
cording to information received here  
late Sunday night.

The arrest of Jenkins came after  
12 persons had sworn to statements  
before a judge in Puebla, declaring  
that Jenkins had been seen in com-  
pany with Cordova, who accom-  
plished his recent abduction from  
Puebla, under no restraint and in  
apparent understanding with his al-  
leged captors.

## Reports Praise Jenkins

Advices received in Washington  
from Mexico City Nov. 7 stated that  
Consular Agent Jenkins had been  
cleared of all suspicion of complicity  
in his kidnapping by Mexican band-  
its on Oct. 17. The judge investi-  
gating the abduction, the dispatches  
added, took occasion to praise Jen-  
kins as a friend of the Mexican people  
and a respected member of the  
community in which he had lived  
for a number of years.

Jenkins was held for \$150,000  
ransom and the United States gov-  
ernment, demanding his release,  
sent what was said to have been  
the strongest note ever despatched  
in a dispute between the two repub-  
lics. Jenkins was released on Oct.  
28 after his personal attorney,  
Senor Mestre, had paid the bandit  
leader the ransom.

## Has to Prove Case.

An official statement issued in  
Washington on the abduction of  
Jenkins said that he would have to  
effect his own reimbursement of the  
money paid to the Mexicans who  
kidnapped him unless he could  
prove that the Mexican government  
was negligent in affording him pro-  
tection. His standing as an official  
of the United States government  
had no bearing on the matter, it  
was stated.

CENTRALIA POSSE TO  
SEARCH FOR I. W. W.'S

By Associated Press:

CENTRALIA, Wash., Nov. 16.—  
A posse of loggers and former sol-  
diers left here Sunday morning for  
Hanna Ford valley, 18 miles north-  
west of Centralia, to renew this  
search for a number of Industrial  
Workers of the World who are be-  
lieved to have participated in the  
shooting of members of the Ameri-  
can legion during the Armistice day  
parade last Tuesday.

Bert Bland, believed by the author-  
ities here to be the man who shot  
and killed Warren Grimm, com-  
mander of the local American leg-  
ion post on Armistice day, and a  
man named Hansen, also suspected  
of complicity in the shooting, are  
reported to be among those hiding  
in the valley.

Hansen was named in an alleged  
confession of L. Roberts, an I. W. W., as having been in the group  
which fired on the Centralia pa-  
raders.

Minneapolis Man

to Find Brother

Robert E. Kilmer, your half-  
brother is anxiously awaiting word  
from you.

The News-Times is in receipt of a  
letter from Donald de Avery, Min-  
neapolis, Minn., Kilmer's half-brother,  
asking its aid in locating his  
missing relative. The last heard of  
Kilmer was when he started for  
South Bend where he was to meet a  
Miss Elliott who is supposed to be  
in this city visiting her sister.  
Kilmer is a former service man  
having served one year with the A.  
E. F. and was also in the navy  
twenty-two months. According to  
the description furnished by his half-  
brother, Kilmer is wearing an army  
uniform bearing the engineer corps  
insignia. He is about five feet tall,  
has red hair and a bullet scar over  
his right eye.

from his half-brother and any in-  
formation concerning Kilmer may be  
sent to Donald de Avery, General  
Delivery, Minneapolis, Minn. or the

PRINCE SPENDS  
QUIET SABBATH

Mountain Folk Swarm Church  
to Get Glimpse of Dis-  
tinguished Guest.

By Associated Press:

WHITE SULPHUR SPRINGS, W.  
Va., Nov. 16.—The modest little  
wooden church nestled among the  
pine trees on the mountain side  
here probably for the first time in  
its existence had a capacity congrega-  
tion Sunday with the double at-  
traction of a bishop preaching and  
a royal prince as one of the wor-  
shippers. When the prince of Wales  
entered the edifice every seat, with  
the exception of those reserved for  
him and his suite, was occupied.  
Among the trees outside the church  
the old fashioned bugles of the  
mountain folk were tied alongside  
the luxurious limousines of the re-  
sort's social colony.

## All Eyes on Prince.

Little groups of the mountaineers  
and their families gathered near the  
church to watch the prince as he  
entered and left the building, but  
with the courtesy for which they  
are famous there was no attempt  
to crowd the royal visitor. From  
a considerable distance they watched  
silently the young man whose path  
in life is so very different to their  
own, and then drove off to their  
distant farm houses.

The sermon was preached by  
Bishop William L. Gravatt of West  
Virginia, who took for his text:  
"He set his face steadfastly to go  
to Jerusalem." The substance of the  
sermon was the necessity of every  
man, prince or peasant to have a  
purpose in life.

## Greets Bishop.

At the close of the service the  
prince waited at the door of the  
church to greet the bishop who sur-  
prised him by telling him that he  
had been introduced to him once  
before in London when the British  
heir was a boy of seven.

The afternoon was devoted to golf

DECLARES COAL  
VERDICT RIGHT

Says Judge Correctly Inter-  
preted Law in Dealing With  
the Mine Workers.

By Louis Ludlow.

WASHINGTON, D. C., Nov. 16.—  
Former Rep. Asbury F. Lever, au-  
thor of the Lever control act which  
Federal Judge A. B. Anderson of  
Indianapolis held is outrageously vi-  
olated by the miners' strike, de-  
clared today that the decision rendered  
by Judge Anderson is a correct in-  
terpretation of the will of congress.  
Lever also said that congress un-  
questionably has the power to ex-  
tend the terms of the act until con-  
ditions made abnormal by the war  
return to normal. Mr. Lever made  
the following statement:

## Fuel a Necessity.

"The original draft of the food  
and fuel control bill which bears my  
name contained no reference what-  
soever to fuel. The idea occurred  
to me while the bill was under con-  
sideration that all industries of the  
country and especially transportation  
depended absolutely on a con-  
tinuous supply of fuel. On my sug-  
gestion and motion fuel was includ-  
ed in the definition of necessities,  
along with food, and in the bill it  
was treated as of equal importance  
in the prosecution of the war and the  
support of our army and navy."

## Assault Act.

"The section of the act upon  
which the court has relied in deal-  
ing with the coal strike was vigor-  
ously assailed on the floor of the  
house by certain representatives pur-  
porting to speak the mind of or-  
ganized labor throughout the country.  
I could not conceive at the time,  
nor do I believe now, that any body  
of American citizens desired to be  
exempt from the provisions of an  
act which made it criminal to limit  
the production either of food or fuel,  
the two vital necessities of life."

"I resisted the attempt to strike  
this provision from the act. My re-  
sistance was successful, because the  
provision was so just as to admit of  
no dispute and in addition to this  
there was back of me the full ad-  
ministration support and endorse-  
ment. Pres. Wilson considered this  
provision a very vital section of the  
food control bill."

## Read Decision.

"I have read Judge Anderson's de-  
cision as reported in the newspapers

Ship John Owen  
Probably Lost

By Associated Press:  
CLEVELAND, Ohio, Nov. 16.—  
Owners of the steamer John Owen,  
several days overdue at Sault Ste.  
Marie, Mich., from Duluth, with a  
crew of 22, now hold little hope  
for the missing steamer, caught in  
a terrific storm on Lake Superior  
last week. A wireless message from  
the captain of the steamer West  
Mount Sunday said he passed  
through wreckage this morning 20  
miles southwest of Caribou island  
in Lake Superior, including part of  
a ship's cabin, but could not iden-  
tify the wreckage as that of the  
Owen. Two tugs left Sault Ste.  
Marie today to search this vicinity  
for trace of the Owen.

"AMBASSADOR" IN  
NOTE TO LANSING  
TELLS OF PLANSUNKNOWN NEGRO  
ASSAULTS GIRL  
13 YEARS OLD

Places Knife Against Her  
Throat and Forces Her to  
Freight Yards.

## GETS BIG START ON POLICE

Placing a knife against her throat  
and threatening to kill her if she  
made the least outcry, an unknown  
colored man, said to be about 18 or  
20 years old, assaulted 13 year old  
Helena Cripe, 126 N. Emerick st.,  
about 9 o'clock Sunday night in the  
rear of the Michigan Central freight  
house, across the street from the  
girl's residence.

The girl was returning home, go-  
ing east on Colfax av. when the  
negro stepped out from behind the  
freight house. Placing a knife  
against her throat, he demanded  
that she remain silent. Speechless  
with fright, the girl allowed herself  
to be dragged to a dark spot behind  
the freight cars, less than a quarter  
of a block from Colfax av., where  
the crime was committed. Again  
threatening to kill the girl if she  
told a soul of what had occurred,  
the negro compelled her to walk  
through the freight yard and leave  
by going around the far end of the  
depot. This allowed the negro  
plenty of time to make good his  
escape.

## Informs Father.

Trembling with fear, the little girl  
returned home and informed her  
father, S. A. Cripe, of what had oc-  
curred. Mr. Cripe was in bed at the  
time. He donned a few clothes hur-  
riedly, and with his daughter ran  
to the police station, where a report  
was made to Sergt. Cutting. Sev-  
eral officers were detailed to scour  
the community in an effort to locate  
the negro, but at a late hour this  
morning they had not succeeded in  
doing so. Not fully recovered from  
the shock, the plucky little girl was  
able to give the police an excellent  
description of the man.

According to the girl's statement,  
the negro was about five feet six  
inches tall and very light of color.  
At the time of the crime he wore a  
green suit and a light grey cap. The  
police are on the lookout for all per-  
sons conforming to the description  
given by the girl, as she is certain  
that she will be able to identify the  
negro if she sees him again.

## Gains Time.

A full hour had elapsed between  
the time the police and the time  
when Mr. Cripe, hatless, shirt open,  
shoes unlaced, dashed into the police  
station wildly excited and gave the  
sergeant what details of the crime  
he knew.

His voice trembled with emotion  
as he continually wet his lips and  
jerked out his story; then with low-  
ered brows he made incoherent  
threats against the man who as-  
saulted his daughter.

Motorcycle Officer Barkley hur-  
ried to the scene, and for the next  
after hour when an automobile in  
which he also stopped several col-  
ored men and questioned them  
closely, but was unable to get any  
clue to the identity of the man.

In the meantime all the patrolmen  
had been notified, and plainclothes  
men had been detailed to investi-  
gate. All outgoing trains are being  
watched, as are interurban cars. An  
early hour this morning the  
search was still going on.

INTERURBAN KILLS TWO

## PROTESTS CRUEL TREATMENT

Declares Many Reds Now in  
America Would be Glad  
to Get Back.

By Associated Press:

NEW YORK, Nov. 16.—Ludwig  
C. A. K. Martens, self-styled "am-  
bassador of the Russian soviet gov-  
ernment to the United States," has  
offered to provide transportation  
from the United States to Russia for  
all Russian citizens who desire to  
leave America, and whose presence  
in the United States is undesirable  
to the federal government. This offer  
was made in a letter written by  
Martens to Sec'y of State Lansing  
and made public here Sunday night.

In his letter Martens protested  
against the "unwarranted and cruel  
treatment" to which many Russian  
citizens in the United States are  
subjected "by federal and state of-  
ficers, as well as by mobs acting  
without authority." He proposes  
that the soviet government be per-  
mitted to return these citizens to  
soviet Russia and declares that he  
has received thousands of applica-  
tions from such citizens who are  
anxious to return to their homes.

## Arrested for Contempt.

Martens was arrested for con-  
tempt Saturday and released on  
\$1,000 bail after he had refused to  
appear and bring certain documents  
before the Lusk legislative commit-  
tee, investigating radical activities  
in New York. He based his refusal  
on the ground that all communica-  
tions passing between himself and  
his government were privileged.  
When brought before the commit-  
tee in the custody of deputy sher-  
iffs Saturday afternoon Martens  
promised to appear before the com-  
mittee Monday and to bring his pa-  
pers with him.

Calling attention to press reports  
that it is proposed to deport certain  
Russians to parts of Russia under  
control of the enemies of soviet gov-  
ernment, Martens, in his letter to  
Sec'y Lansing, protests that such de-  
portation would mean certain death  
for the persons deported and would  
constitute "a flagrant breach of all  
principles of international law."

## Anxious to Leave.
